

**Inside City Limits
Petition to the City Council:
Appointment of a Ballot Candidate**

To the Honorable Members of the Estacada City Council,

We, the undersigned registered voters of Estacada in Precinct-106 (City Limits), respectfully request that the City Council appoint an individual who appeared on the ballot in the recent November 2024 general election to fill the current vacancy on the Council.

The democratic process reflects the voice of the people, and those candidates who earned a place on the ballot have already demonstrated their commitment to public service by participating in that process. Their candidacy was a direct result of meeting established qualifications, engaging with the community, and receiving voter support.

Appointing someone who was on the ballot ensures:

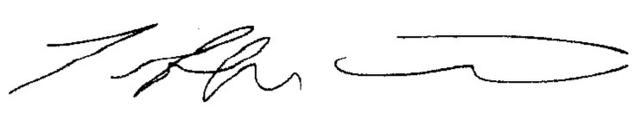

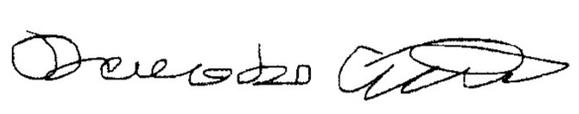

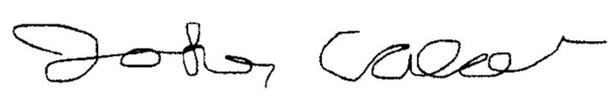

1. **Respect for the Electoral Process:** The residents of Estacada entrusted their voices to the electoral process. Selecting a candidate who participated honors the effort and trust of voters.
2. **Community Representation:** Ballot candidates have already demonstrated their willingness to serve and their understanding of the needs and concerns of our community.
3. **Public Confidence:** An appointment from the pool of ballot candidates reinforces faith in the fairness and transparency of our local government.

We urge the Council to respect the democratic principles that guide our community and appoint a ballot candidate to fill the vacancy. This decision will affirm the integrity of our electoral system and uphold the values of representation and fairness.

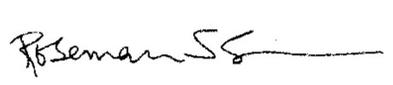

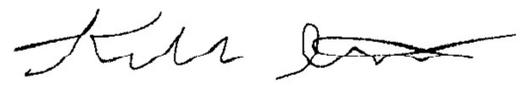

Thank you for considering this request. We appreciate your dedication to serving the residents of Estacada.

Areas Surrounding Estacada Inside Estacada School District- Petition to the City Council: Appointment of a Ballot Candidate

To the Esteemed Members of the Estacada City Council:

We, the undersigned registered voters located outside of the city limits and inside of the Estacada School District, respectfully submit this petition to urge the Estacada City Council to appoint one of the candidates who ran for office in the most recent municipal election to fill the current vacancy on the council.

While we do not reside within city boundaries, many of us are deeply invested in the well-being of Estacada as members of its surrounding community. We contribute to the local economy, send our children to Estacada schools, and participate in community events. The decisions made by the City Council have far-reaching impacts that extend beyond city limits, influencing the broader community in which we live, work, and recreate.

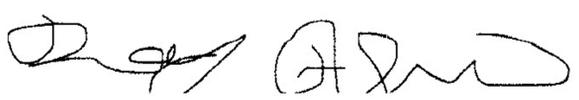

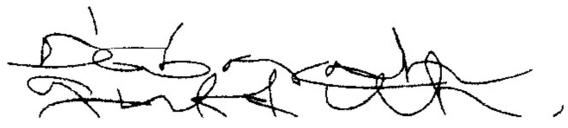

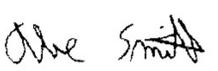

Appointing a candidate who ran in the last election would uphold the democratic values that guide our collective governance. These individuals have demonstrated their commitment to public service by stepping forward to represent the community. Additionally, they have already gained the trust and support of voters within the city, as evidenced by the votes certified in the election. Choosing one of these candidates ensures that the appointment process respects the voice of the electorate while maintaining transparency and fairness.

We believe this approach will strengthen public confidence in the council's decision-making and foster unity between the city and its surrounding areas. By appointing a candidate who has already engaged with the community and expressed a willingness to serve, the council can reinforce its dedication to representing the interests of all who call Estacada and its neighboring regions home.

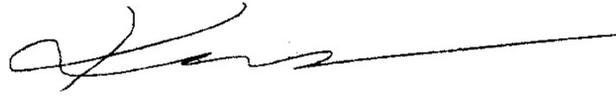

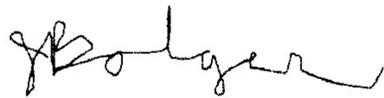

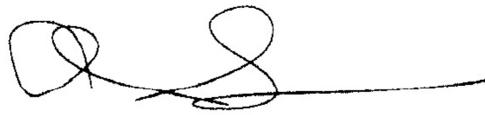

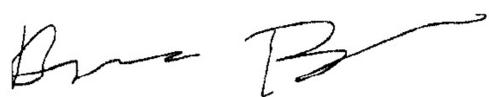

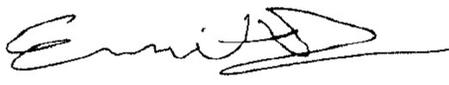

We thank you for your attention to this matter and for your continued service to the community. We trust you will give this request thoughtful consideration and act in the best interest of all who are connected to Estacada.
