They roll in, kill, pillage and burn and leave a heaping pile of shit in their wake. BLM and Antifa. Isn't that what they accuse the white man of doing every where at every point in history?

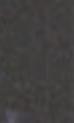

**Dr. Tom Frieden** ✅ @DrTo... · 4/28/22

Mandate or not, we have a responsibility to protect those among us who are most vulnerable to Covid by taking reasonable precautions, including masking up in higher-risk environments or when community spread is high.

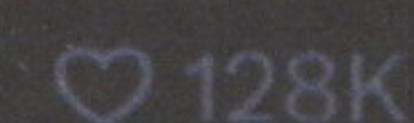

**Matthew Blevens** @Thorvi... · 4/28/22

Maybe? But it's also each individuals basis of what "high risk" is. I've driven through Baghdad, my idea of defensive driving is different than most.

**Robert Reich** ✅ @RBReich · 4/28/22

So let me get this straight: conservatives love free speech for Elon Musk, but hate free speech for Colin Kaepernick?

**Matthew Blevens** @Thorvi... · 4/28/22

Not exactly, Kaepernick is an idiot but it's his right to be an idiot. In fact we want him to be a very loud idiot because he's actually making our point for us. People do not stand with people who do not stand for our flag, our country and our way of life.

**Governor Kate Brown** @Or... · 5/11/22

Today's @Interior report is a somber reminder of our nation's legacy of colonialism, violence, and intergenerational trauma against Indigenous and Tribal students and their families. The pain caused by our federal boarding school system continues to be felt by families today.

**Matthew Blevens** @Thorvi... · 5/12/22

Sorry for you to have to endure living in the greatest nation in the world. Luckily the democrats asses you kiss are destroying our country so we'll be back to spears and loin clothes soon enough. Every nation on earth has tragedies. What hell have you been through.

In my entire lifetime the only racial inequality I've seen is affirmative action. Oh, and every major league sports team. Also equity isn't the same as equality. 1 is opportunity the other is outcome. We all have equal opportunity, not all equal outcome. Be smart, aaaaand go!

Women's rights are human rights and human rights are women's rights.

An extreme wing of the Supreme Court may seek to deny that fundamental truth.

They may try to force their views on a country where 70% of people want Roe upheld.

We will not be quiet and we will not go back.

Is that your argument or do you not know? Sex is only mandatory for procreation. Abstinence is 100% effective. Murdering something you don't want isn't an acceptable option. What if instead of pregnant they gets HIV? What ever happened to practicing safe sex? Can HIV be aborted?

If straight white men are the top of the patriarchy then why doesn't anyone re-identify as one of them?

**Tim Young** ✅ @TimRunsHis... · 5/3/22

It must be a tough transition to go from cheering on men beating women in women's sports to pretending to care about women's rights.

No, he asked you to define woman! You can't have it both ways. Either you believe men can be women or women and men are different. You can't talk about women rights being infringed and then say men can be women.

If you say they are women's rights there must be a definition of what a woman is. If you define woman then the transgender agenda is basically over. So therefore you guys can't honestly say women's rights are being infringed upon. So this isn't really hurting anyone.

Jesus is our lord and savior! Why do people try so hard to destroy good? What about the 10 commandments are wrong? How are they bad and not a great guideline to strive for? How is accountability bad?
